☐ **To address a critical life/safety, health, general welfare need.**

☐ **To address a specific District of Columbia policy or statute**

☐ **For consistency with federal, or with reference to the Metro DC area (MD, VA) codes**

☒ **Address a unique character issue in the District of Columbia**

☐ **Correction of errors and omissions**

☐ **Other (explain)**

The District of Columbia has areas of infill development where the 2009 IRC requirements for minimum fire separation distance and fire ratings will be technically infeasible. Committee recommends to maintain current table as previously adopted in DCMR 12.
